Preparations for our joint venture are underway and we expect to support the market with an initial product order by the end of this year," said ReWalk CEO Larry Jasinski.

"We are also pleased to welcome Ning Cong to our Board of Directors. All capital funding for the joint venture will be provided by RealCan Ambrum with ReWalk contributing the technology.

Timwell agreed to make the \$20 million investment in three tranches. The first tranche of \$5 million placed was released today. A second tranche of \$10 million will be provided upon formation of the joint venture in China. The third tranche of \$5 million is expected to be provided by December 31, 2018 and no later than April 1, 2019. The investment agreement also contains certain other conditions precedent, which must be satisfied at each tranche.
