July 5, 2023 12:30 PM EDT

MARLBOROUGH, Mass. and YOKNEAM ILLIT, Israel, July 05, 2023 (GLOBE NEWSWIRE) -- ReWalk Robotics Ltd. (Nasdaq: RWLK) ("ReWalk" or "the Company"), a leading provider of innovative technologies that enable mobility and wellness in rehabilitation and daily life for individuals with neurological conditions, announced that it will host a conference call and webcast on **Tuesday, July 11, 2023** to discuss the recent proposal from the Centers for Medicare & Medicaid Services ("CMS") to include personal exoskeletons in the Medicare benefit category for braces as part of the Calendar Year 2024 Home Health Prospective Payment System Proposed Rule, CMS-1780-P ("Proposed Rule"), released on June 30, 2023.

The Proposed Rule would establish a regulatory definition of "brace" and specify that exoskeletons like the ReWalk Personal Exoskeleton fit in this definition. The Proposed Rule has a 60-day comment period ending on Tuesday, August 29 at 5 pm EDT. During the comment period, interested stakeholders can submit comments and feedback on the proposal prior to its expected finalization in early November.
