

## German National Social Accident Insurance Agrees to Provide Personal Exoskeletons to Qualifying Beneficiaries

November 2, 2017 10:50 AM EDT

### German social accident insurance association (DGUV) members have procured 20 ReWalk exoskeleton systems over time

MARLBOROUGH, Mass. and YOKNEAM ILIT, Israel, Nov. 2, 2017 /PRNewswire/ -- ReWalk Robotics Ltd. ("ReWalk" or the "Company") (Nasdaq: RWLK) today announced that Germany's national social accident insurance provider, *Deutsche Gesetzliche Unfallversicherung* ("DGUV"), approved the rental of the 20<sup>th</sup> ReWalk Personal exoskeleton system for qualifying beneficiaries. Additionally, DGUV recently signed a confirmation letter stipulating that DGUV's member payers, including the health insurance association *Berufsgenossenschaft* (also known as BG) and state insurers, will approve the supply of exoskeleton systems for qualifying beneficiaries on a case-by-case basis. The growing number of system rentals, along with the recent coverage confirmation from DGUV, reflects broader adoption of the procurement process by DGUV member payers across Germany.

DGUV is comprised of 35 different insurers, which provide coverage for more than 70 million individuals in Germany. To date, 12 of the 35 payers have pursued procurement of a system for beneficiaries, which includes outright purchase, rentals or signed purchase orders. Per the agreement, all eligible individuals will go to BG clinics for evaluation as a part of the procurement process.

"We are greatly encouraged to see such immediate interest and action from DGUV in providing medical devices to eligible individuals in the spinal cord injured community," said ReWalk CEO Larry Jasinski. "German insurers are blazing the trail for their global cohorts, developing national programs with clear policies that enable beneficiaries to have access to critical healthcare innovation."

The DGUV agreement is similar to one ReWalk announced with German insurer [Barmer](#) earlier this year. The Company continues to work with public and private insurers around the world to explore potential agreements and policies that can be applied on a national scale.

#### About ReWalk Robotics Ltd.

ReWalk Robotics Ltd. develops, manufactures and markets wearable robotic exoskeletons for individuals with spinal cord injury. Our mission is to fundamentally change the quality of life for individuals with lower limb disability through the creation and development of market leading robotic technologies. Founded in 2001, ReWalk has headquarters in the U.S., Israel and Germany. For more information on the ReWalk systems, please visit [www.rewalk.com](http://www.rewalk.com).

#### Forward-Looking Statements

In addition to historical information, this press release contains forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, Section 27A of the U.S. Securities Act of 1933, and Section 21E of the U.S. Securities Exchange Act of 1934. Such forward-looking statements may include projections regarding ReWalk's future performance and, in some cases, may be identified by words like "anticipate," "assume," "believe," "continue," "could," "estimate," "expect," "intend," "may," "plan," "potential," "predict," "project," "future," "will," "should," "would," "seek" and similar terms or phrases. The forward-looking statements contained in this press release are based on management's current expectations, which are subject to uncertainty, risks and changes in circumstances that are difficult to predict and many of which are outside of ReWalk's control. Important factors that could cause ReWalk's actual results to differ materially from those indicated in the forward-looking statements include, among others: ReWalk's expectations regarding future growth, including its ability to increase sales in its existing geographic markets, expand to new markets and achieve its planned expense reductions; the conclusion of ReWalk's management for the financial statements for the third quarter of 2017 and for fiscal 2016, and the opinion of ReWalk's auditors in their report on the Company's financial statements for fiscal 2016, that there are substantial doubts as to ReWalk's ability to continue as a going concern; ReWalk's ability to maintain and grow its reputation and the market acceptance of its products; ReWalk's ability to achieve reimbursement from third-party payors for its products; ReWalk's expectations as to its clinical

research program and clinical results; ReWalk's expectations as to the results of, and the Food and Drug Administration's potential regulatory developments with respect to, ReWalk's mandatory post-market 522 surveillance study; the outcome of ongoing shareholder class action litigation relating to ReWalk's initial public offering; ReWalk's ability to repay its secured indebtedness; ReWalk's ability to improve its products and develop new products; ReWalk's ability to maintain adequate protection of its intellectual property and to avoid violation of the intellectual property rights of others; ReWalk's ability to gain and maintain regulatory approvals; ReWalk's ability to secure capital from its equity and debt financings in light of limitations under its Form S-3, the price range of its ordinary shares and conditions in the financial markets, and the risk that such financings may dilute ReWalk's shareholders or restrict its business; ReWalk's ability to use effectively the proceeds of its offerings of its securities; ReWalk's ability to maintain relationships with existing customers and develop relationships with new customers; the impact of the market price of ReWalk's ordinary shares on the determination of whether ReWalk is a passive foreign investment company; ReWalk's ability to comply with the continued listing requirements of the NASDAQ Capital Market and the risk that its ordinary shares will be delisted if it cannot do so; ReWalk's compliance with medical device reporting regulations to report adverse events involving its products and the potential impact of such adverse events on ReWalk's ability to market and sell its products; and other factors discussed under the heading "Risk Factors" in ReWalk's Annual Report on Form 10-K for the year ended December 31, 2016, as amended, filed with the U.S. Securities and Exchange Commission and other documents subsequently filed with or furnished to the U.S. Securities and Exchange Commission. Any forward-looking statement made in this press release speaks only as of the date hereof. Factors or events that could cause ReWalk's actual results to differ from the statements contained herein may emerge from time to time, and it is not possible for ReWalk to predict all of them. Except as required by law, ReWalk undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future developments or otherwise.
